

APEX BIOLOGICS | PRODUCT LEGEND

Bismarck, MO | Educational mock-up (not a real label)

PRODUCTS

1. LUMINOUS MELANIN GLOW SERUM Melanotan II 10mg \$40.00

Melanin optimization. It stimulates the body's natural pigment production to provide rapid, deep tanning and enhanced resilience against sun exposure.

2. BLUE COPPER CELLULAR COMPLEX GHK-Cu-100mg \$75.00

The structural architect. This copper peptide signals the body to repair damaged tissue, boost collagen production, and restore skin density and firmness.

3. TRIPLE-ACTION REFINING CONCENTRATE Retatrutide-30mg \$175.00

The "Triple Agonist." It signals the body through three different metabolic pathways to maximize fat oxidation and significantly optimize metabolic rate.

4. PREP & PRIME CLARIFYING ESSENCE BAC Water - 10mL \$20.00

The delivery vehicle. This is sterile, filtered water containing a small amount of benzyl alcohol, which is used to safely dissolve (reconstitute) peptide powders and prevent the growth of bacteria for long-term use.
